ANNUAL REPORT

Division of Municipal Accounting

STATE TAX COMMISSION

Concord, New Hampshire

November 8, 1948.

Board of Selectmen
Jefferson, New Hampshire

Gentlemen:

Submitted herewith is the report of an audit and examination of the accounts of the Town of Jefferson which was made by this Division, acting under authority of Chapter 82, Section 27, of the Revised Laws of New Hampshire, which provides in part as follows:

“Audit on Motion of Commission. The commission may cause an audit to be made of the accounts of any city, town, school district, village district or precinct, as often as once in two years, or whenever conditions appear to it to warrant such audit.....”

This audit covered the fiscal year ended December 31, 1947, and the period from January 1st to September 30th, 1948. Exhibits as hereafter listed are included as part of the report which is made up in three sections as follows:

Section I—Fiscal Year Ended December 31, 1947.

Section II—Period January 1st to September 30th, 1948.

Section III—Statistical Tables Covering Ten Year Period.

TOWN OF JEFFERSON, N. H.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk and Trustees of Trust Funds.

FINANCIAL STATEMENTS

Comparative Balance Sheets—Dec. 31, 1946-Dec. 31, 1947. Exhibit A)

Comparative Balance Sheets, as of December 31, 1946 and December 31, 1947, are presented in Exhibit A. As indicated therein a change in the financial condition of the Town amounting to \$2,607.03 took place during the year 1947, which started with a Net Debt of \$717.95 and closed with a Surplus of \$1,889.08.

Analysis of Change in Financial Condition:
(Exhibit B)

An analysis of the change in financial condition of the Town during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

<i>Increases in Surplus</i>	
Net Budget Surplus	\$ 784.78
Bonds Retired	2,000.00
Increase in Town Clerk's Cash	
on Hand	26.77
Interest, Costs and Fees on	
Tax Sale	74.28
	<hr/>
	\$2,885.83
<i>Decreases in Surplus</i>	
Decrease in Accounts	
Receivable	\$ 150.00
Unredeemed Taxes Transferred to	
Tax Deeds	128.80
	<hr/>
	278.80
	<hr/>
<i>Change in Financial Condition</i>	\$2,607.03

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues
(Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the

ANNUAL REPORT

fiscal year ended December 31, 1947, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net revenue surplus of \$2,386.89, less a net overdraft of appropriations of \$1,602.11, resulted in a net budget surplus of \$784.78.

Statement of Bonded Debts (Exhibit P)

A statement of bonded indebtedness, as of December 31, 1947, showing annual maturities of principal and interest, is contained in Exhibit P.

School District Appropriation Accounts:

(Exhibits E & F)

Statements of the school appropriation account by town fiscal years and school fiscal years are included in Exhibits E and F, respectively. As indicated in Exhibit E, the balance due the school district at the close of the town fiscal year, December 31, 1947, was \$1,836.18.

Exhibit F shows that as of the close of the school fiscal year, June 30, 1948, an overpayment had been made by the town to the school district in the amount of \$2,907.69. This should be set up as a liability item in the school district balance sheet of June 30, 1948.

Summary of Receipts and Expenditures:

(Exhibit G)

A summary of receipts and expenditures for the fiscal year ended December 31, 1947, made up in accordance with the uniform classification of accounts, is included in Exhibit G. Proof of the Treasurer's balance as of September 30, 1948, is indicated in Exhibit Q.

Statistical Tables:

The third section of the report is comprised of statistical tables covering the ten year period from 1938 to 1947. These are as follows:

I—Comparative Balance Sheets

II—Comparative Statement of Indebtedness, Valuation and Taxes

III—Comparative Statement of Taxable Valuation and Taxes Assessed

TOWN OF JEFFERSON, N. H.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

GENERAL COMMENTS

Tax Collector's Accounts:

The Tax Collector's records and accounting procedure were found to be inadequate and unsatisfactory. It was also noted that the Collector had failed to comply with the provisions of Section 31, Chapter 59, of the Revised Laws of New Hampshire, which requires that:

".....The collector shall, on the first Saturday of every month, pay to the town treasurer all money collected by him up to that time....."

This is indicated by the fact that during the course of the audit, on October 6th, 1948, a remittance was made to the Treasurer covering the following tax collections:

Levy of 1948	\$ 394.32
Levy of 1947	4,552.20
Levy of 1946	25.40
	<hr/>
	\$4,971.92

It was evident that this remittance included collections in excess of the amount actually collected since the date of the previous remittance.

Several recommendations were made which must be followed by the Collector in order that he may henceforth perform his duties as required by law. These were as follows:

- (1) All collections and redemptions should immediately be entered in the cash

ANNUAL REPORT

book. The new form of loose leaf columnar cash book has been installed providing for the segregation of tax collections, redemptions from tax sales and interest collections, by years of levy. This book should be totaled on the date of each remittance to the Treasurer and the proper reports of (1) tax collections and (2) redemptions made out to accompany the remittance.

(2) Each item in the Cash Book should be posted to the proper tax warrant or to the tax sale record book, indicating the month, day and year of the receipt as well as the amount.

(3) The collection of interest on all taxes paid after December 1st is required by law and should be strictly enforced.

(4) Immediately after the date of the tax sale the Collector should receive a check from the town covering the amount of taxes, interest and costs incident to the sale. Each taxpayer's account which is included in the sale should be properly entered in the Cash Book and credited in the Warrant Book. Interest and costs received should be entered as "Interest". The check should then be remitted to the Treasurer as "Taxes and Interest Collected" indicating the year of levy.

(5) The Collector is also required by the provisions of Section 31, Chapter 59, of the Revised Laws of New Hampshire, to submit his tax books and records to the treasurer and selectmen for inspection and computation on the first Saturday of every month.

(6) The Collector should make a detailed report to the Selectmen at the end of each fiscal year summarizing his activities for the year. The law provides that this report should contain "a detailed list of all uncollected taxes."

TOWN OF JEFFERSON, N. H.

Town Clerk's Accounts:

At the time of the audit only one remittance had been made by the town clerk to the treasurer in 1948. As a result the clerk's cash on hand amounted to \$1,030.33, which consisted of:

Motor Vehicle Permits	\$937.33
Dog Licenses	93.00

A remittance covering the above was made to the treasurer on October 6, 1948.

Section 22, Chapter 116, of the Revised Laws of New Hampshire, provides that:

"Each designated city official and town clerk shall keep an account of the money received by him for said (motor vehicle) permits and deposit the same in the city or town treasury on the last Saturday of each month, to be used for the general purposes of the city or town. Failure to deposit shall be cause for immediate removal from office....."

Monthly remittances should henceforth be made by the town clerk to the treasurer as required by law.

The standard form of Town Clerk's cash book for recording all motor vehicle permits and dog licenses issued has been installed.

Accounts of Selectmen and Treasurer:

The accounts and records of the Selectmen and Treasurer were found to be in good condition.

Trustees of Trust Funds:

The accounts of the Trustees of Trust Funds were found to be in order with the exception that in the case of the "Sarah J. Patterson Cemetery Fund", indicated in the records as \$100.00 principal and \$20.05 accrued interest, no bank book was available at the time of audit. Mr. Lennox, one of the Trustees, agreed to contact the Barre (Vermont) Trust Company to secure a pass book or other evidence that this fund is on deposit at that institution.

ANNUAL REPORT

Conclusion:

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report. This letter of transmittal should be included in its entirety but the inclusion of Exhibits is optional.

We extend our thanks to the officials of the Town of Jefferson for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER,

Director.

REPORT OF SUPERINTENDENT

*To the Superintending School Committee and the
Citizens of the Jefferson School District:*

Foreword

The heaviest burdens of war are carried by youth. They fight its battles. In the long years after, they pay much of its cost. Even the younger children of wartime are often children of neglect. We must keep constantly before us the fact that children cannot delay the growing-up process. What they will be, they are now becoming.

Whatever may happen to grown-ups, our children must be kept safe, strong, and assured. Even during these times when parents are hard pressed with responsibilities, they should realize that there is no care so good as that given by devoted parents in the home. When parents do a good job by their own children they are doing a vital job for our town, state, and nation.

The prevention of juvenile delinquency is one of our home front problems. Children depend on so many for their chance to grow in safety, strength, and security. The home, the school, and the community each have a responsibility. Neglect along the line is resulting in too many of our youth being crippled in mind and heart—tragic casualties of a post-war era.

Yet these are the citizens of tomorrow. And tomorrows soon come. In our hands, as parents and citizens of today, rests the obligation to see that on the home front, the foundations of morality, religion, and culture are strengthened.

Dental Clinic

A very successful dental clinic was carried on last year under the direction of the school nurse, Gladys Fancy. Most of the work was done at Lancaster. Fifty-two children attended the clinic and of these 37 had their dental work completed. Funds that were provided locally and through the Red Cross were matched by the state. In all, about \$575.00 was spent.

Enrollment and Attendance

There are, at this writing, 123 enrolled at the two schools. Of these, 26 are at the Meadows and 97 are at the Hill. This total figure represents a gain of 8 from the corresponding period a year ago. There are 40 attending high school outside the district, 37 at Lancaster, 2 at Berlin and 1 at Springfield.

Percentages of attendance were on the whole rather low. The State Department considers 97 percent as worthy of special commendation. The fifth and sixth at the Hill had the highest mark, with 95.98 percent.

The tardiness record was good. The Meadows had an excellent record with but two tardy marks; the seventh and eighth on the hill the poorest, with 32.

Buildings and Equipment

The general condition of the buildings has improved since the last report. At the Hill School the corridors were painted, new cupboards installed in the primary room, a door cut through between the two lower rooms, all the woodwork cleaned, some desks sanded, and numerous other minor repairs

and improvements made. The fire escape, voted at the last meeting, was installed in March, 1948. At the Meadows, the most noteworthy improvement was the installation of toilets.

The equipment is fairly adequate. Through the efforts of the teachers, a new overhead projector and mimeograph machine have been purchased. Considerable has been done to improve the play ground on the Hill.

Notes on the Budget

The School Board's total budget for 1949-50 is \$27,138.00 as compared with \$26,579.50 for last year. This budget is reduced by an estimated income, from state aid, of \$5,823.00 so that the requested appropriation is \$21,315.00. The sum of \$20,755.73 was raised in March, 1948. The general budget asks for \$559.27 more than was appropriated for the year 1948-49.

One special article is included in the warrant. You are referred to another section of this report for a discussion of that matter.

Special Article

The School Board has included in the warrant a special article asking for a deficiency appropriation of \$2,907.69. During the summer, the state auditors were asked by the School Board to determine the amount by which the school account was overpaid. The total appropriations, dog taxes, and payments by the selectmen, were audited back for a period of ten years. It was found that in several cases the appropriation was overpaid and in several others it was underpaid. There were very few years when the exact amount raised was paid over.

According to the auditor's figures, during the ten year period 1938-48, the selectmen overpaid the school district by \$2,907.69. In order to balance the school account with the selectmen, a requested deficiency appropriation for this amount is included in the warrant.

The complete figures on the audit are in the hands of the School Board and also the Selectmen. They are available to anyone who cares for a more detailed report.

ANNUAL REPORT

Your school reports for that period will show that the money was used for school purposes. It would seem that the budgets and appropriations for the period had not quite kept pace with the higher expenses caused by the sharp rise in prices, during these war years.

Conclusion

We have faith in the youth of America. With proper training in the home, the church, and the school, the vast majority of our youth will not become cynical and indifferent.

It is the purpose of the school to do everything possible to help train our boys and girls to become active, reliable, self-supporting citizens, in a democracy.

I wish to take this opportunity to express my appreciation to the members of the school board, parents, teachers, and friends for the interest they have shown in the schools, and for their loyal co-operation during the past year.

Respectfully submitted,

ALBERT P. KNIGHTLY,

Superintendent of Schools.
